*Thank you Cubie Rae
for your service & continued
commitment to supporting
our community!*

P.E.E.R.S. Caring Home for Veterans was established in 2017 and is a non-profit organization working to create a holistic recovery home environment for veterans. **P.E.E.R.S.** has also partnered with and garnered support from other community organizations and would like to especially thank Commissioner Isaiah Sankey and the late City Councilman Tracy Larkin for their continued assistance. **P.E.E.R.S.** supports the Montgomery community in numerous ways, trying to combat homelessness, sponsoring events, and during this COVID-19 pandemic, we have delivered food to families in need as well as have a once a month drive thru food distribution to aid all those with a necessity.

For more information or to advance our efforts to combat veterans homelessness and other community endeavors please visit our web site, peersamerica.org or contact Commander Fred Williams @ (334) 201-8706 or Paul Dickerson @ (334) 8307787.

All donations are tax deductible.
